**Brenda M. Papadakis : Dear Hannah: In The Style Of Jane Stickle** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dear Hannah: In The Style Of Jane Stickle:

0 of 0 people found the following review helpful. A curious but mostly awkward spin-off of Dear JaneBy Beverley R. EnrightThis was very interesting, but I can understand why it has not caught on like the Dear Jane book. While some designs are fetching, most do not appeal to me. The best part was a picture of a quilt by some European friends who combined designs from this book with designs from Dear Jane. I may use some of these designs in a wall quilt. It is a Dear Jane spin-off, awkward and derivative, but still useful.0 of 0 people found the following review helpful. Five StarsBy Charli ThompsonDelivered quickly and was perfect.0 of 0 people found the following review helpful. Five StarsBy LaurieGood book, great price, quick delivery. Thanks!

The legacy continues as thousands of 'Dear Jane' enthusiasts find more historical patterns linking past and present. \*As

in the bestselling book, 'Dear Jane', a fascination with remarkable pieced and appliqued antique quilts is the basis for 'Dear Hannah'. \*Contains 144 block patterns, in small 4 1/2 inch sizes, set off with 48 unique border triangles and four corner blocks. \*Through 28 charming letters to her granddaughter, Hannah, the past is woven with the present to impart an appreciation for women and quilters throughout history.

As in the bestseller Dear Jane, a fascination with pieced and appliqued antique quilts is the basis for Dear Hannah. Through 28 charming letters to her granddaughter, the past is woven with the present to impart an appreciation for women and quilters throughout history. About the Author Brenda Papadakis, who has been making quilts since 1975, especially enjoys drafting and designing. She saw a photo of Jane Stickle's 1863 quilt and became so enamored that she spent the next five years researching the life and times in which Jane lived. The book "Dear Jane" is the result of that labor.
