**Robert M. Merck : Deck the Halls: Treasures of Christmas Past** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Deck the Halls: Treasures of Christmas Past:

3 of 3 people found the following review helpful. Highly Recommend! By Victoria M. Aylward If you're looking for comprehensive research and information of Victorian/Edwardian Christmas decorations, then this book might disappoint you! Fortunately, I wasn't and found this book charming, interesting (none the less) and fun! Robert Merck is a member ( and I think even founder) of the "Golden Glow Of Christmas Past" collectors organization. A group that gathers at least once a year for sale and discussion of antique Christmas ornaments, ephemera, and anything else Holiday geared, that's unique! His selection and information in this book is fantastic! The images are clear and distinct, the copy is interesting (more along the lines of a "did you know" rather than "collector's guide") and full of facts. I really love this book! 1 of 1 people found the following review helpful. Christmas lovers must have By NY reader I so enjoyed this book. I am a Christmas lover and enjoy seeing the decor of yesterday and anything victorian. I enjoy having all the colorful images in one place and not all over the house...thus comes in books such as this one. 1 of 1 people found the following review helpful. Excellent Book By Louie I would recommend this book to the ornament lovers. Mr. Merck's collection is just amazing. Wonderful pictures! He should do another book with his updated collections!

Recollectibles delight popular culture collectors and graphic designers with their interesting design and intriguing subjects. Each book has a unique and engaging cover that is sure to charm people everywhere.

.com Angels and Santas, lights and ribbons, stockings and snowmen--to those who think Christmas is the most magical time of all, this small, attractive coffee-table book will be a source of pure delight. Antique buffs, ornament collectors, and older folks who remember what tree ornaments used to look like will enjoy the clear, detailed close-ups of ornaments handcrafted in Germany. This is the perfect picture book to peruse just before settling down for a long winter's nap.
