I bought it thinking it would help me figure out how to best teach my children to bake/decorate with me, but really all it is is a book of kid-themed decorating projects. I was very interested in the monster project, but it turns out it doesn't involve any cakes, which is what I had really wanted to do. I am never going to use this book. What a waste of money.2 of 2 people found the following review helpful. awesome bookBy Allen JeffersFull of great ideas as is the

same for any of her books. She goes into detail that makes a difference when learning. Anyone can understand her material. 3 of 3 people found the following review helpful. Adorable projects! By Michelle I started taking cake decorating classes with my mom when I was twelve and my daughter is really into baking and decorating as well. I was very impressed with this book, the ideas, photos and instructions are clear, colorful and fun. And the projects are simple enough for kids to do and look really fantastic. There are so many great ideas that kids would love and would work well for birthdays or other celebrations. One of my favorite things about the book is that they have coordinating cookies, cake and other items, like the Pretty Pony cake, cookies and adorable cowboy hat cake pops. Or the soccer cake for girls (with flowers) with matching soccer cookies. They also show how to make striking desserts with easy elements, like edible frosting sheets. My daughter is trying to perfect her piping skills and has referred a lot to photos in the book to learn more. There are several treats that use fondant so we are trying to gain some skills in that area as well. If you have a young baker in your home, I highly recommend it, since it has really helpful tips and the final products are adorable. I'm planning to check out the author's other books after seeing this one.

Get the kids involved with *Decorate Cakes, Cupcakes, and Cookies with Kids* by Autumn Carpenter. This instructional craft book is filled with fun baking and decorating experiences that you can share with your children or grandchildren, while teaching them valuable skills they will use for a lifetime. With adult supervision, kids can learn to decorate cookies, cupcakes, and cakes for holidays, special events, or to share with friends.

About the Author Autumn Carpenter is a nationally known confectionary artist, author, and demonstrator. She has published several books, including the best selling cake book: *The Complete Photo Guide to Cake Decorating* and *The Complete Photo Guide to Cookie Decorating*, and *Decorating Cakes, Cupcake, and Cookies with Kids*. Autumn book *Let's Bake Angry Birds Cakes* will be published in October 2014. She demonstrates annually at the I.C.E.S. (International Cake Exploration Society) and travels across the United States, sharing the craft of cake decorating and other confectionary arts.
