Great Instructional BookBy Sharon HamrickI ordered this book a view weeks ago and , although I have not actually used it for making a quilt, I have read through it. I find it to be a very good instructional book. It gives the historic information of the quilt, plus it has very good instructions including fabric needed. It also gives several ways to use the the Delectable Quilt pattern. I do like how measurements and fabric materials are given beginning with the Lap quilt up to king size. I love this option. When making fabric purchase I don't have to worry about either not purchasing enough fabric or buying too much fabric. The pictures and diagrams are in beautiful color and you can thumb through the book and look at the colorful pictures of the different quilt samples. I you have a little trouble following the unique and excellent instructions, you can always go to either

quiltinaday.com and look at the videos that shows Eleanor Burns putting the quilt top together. You will get really tickled at her fun instruction This quilt can be found in the Rainbow Floral Series. The video is in 3 parts, 1 hour 30 minutes. When looking at them, you don't have to worry about the commercials like if you recorded them on the DVR (like I did). I saw the video first and decided that I would like to have the specific instructions. So get this book, and Go Quilt!

It is a lovely design and so easy. It comes with it's own template. The directions are so clear that even an inexperienced quilter can follow them easily. Highly recommend this book.

Eleanor Burns takes this beautiful Delectable Mountain pattern and makes it available for today's quilter with her simplified methods. The quilt is made of mountain and sky rounds, beginning with the Center Square, which can be a pieced star or appliqued flowers. An acrylic template is included for full size and miniature versions of the quilt to allow for quick, easy cutting. You can make the quilt in a two-color design, or use several color combinations to create your masterpiece! The book contains yardage and cutting charts for several size quilts with step by step directions.

About the AuthorTwenty nine years ago Eleanor Burns introduced her first Quilt in a Day book, cultivating a quilting revolution. She presented her unique style, a diverse combination of cutting and sewing applications, creating new techniques altogether. Her concise step by step directions are easy to grasp, allowing the possibility for anyone to be successful at making a quilt. Eleanor Burns gave quilters techniques that compacted months into merely a day, a quilt in a day, spreading her vibrant enthusiasm within everyone. She has motivated thousands of want-to-be quilters with needed confidence and assurance. Altogether, the impact of her influences opened the door to a renewal. Her efforts sowed the seeds that have grown into many techniques that are commonly used today. Since 1978 when she self-published her first book Make a Quilt in a Day: Log Cabin Pattern, she has authored over seventy five additional books. Throughout the world today, there are thousands of instructors teaching her quilting methods. Her first Quilt in a Day TV series began airing on PBS in 1990 and is still broadcast nationwide and abroad and now her shows can be seen on the world wide web on QNN and Quilters TV.
