bonkers over. Diary Wimpy really pulled out all the stops on this one. Although you know the character type destiny of Clucky (main character), it doesn't take any excitement away from the story. Nothing but action and adventure from the first page to the last. My nephew and I are excited to see what character will be featured next. If you're a Minecraft fan and you haven't read one of Diary Wimpy's books yet, you are missing out. 0 of 0 people found the following review helpful. awesome minecraft book By sean barron Awesome and action packed just for kids who know a lot about and play minecraft! plucky is a very brave chicken. :) 0 of 0 people found the following review helpful.
