Tabz Jones : Digital Landscape Adult Coloring Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Digital Landscape Adult Coloring Book:

1 of 1 people found the following review helpful. Beautiful!By wolfladyThis book is beautiful as is. I can't wait to color in it!

This adult coloring book features 25 greyscale pages based on the original digital landscape paintings of Tabz Jones. **Just a quick note to buyers; You may find that some of the pages in my coloring books are darker than other artist's books, I have found through coloring these pages myself that darker pages lend themselves very well to heavier mediums such as markers, gel pens, and even watercolors. Also, there are new techniques for blending colored pencils such as using baby oil and petroleum jelly that can completely washout lighter pages. I have tried to include a variety of shades to accommodate every skill level, from beginners to advanced in every book that I create. I encourage you to

step outside your comfort zone and try something new, I hope that you will be pleasantly surprised by what you can create =)
