By Angela C  
This book has some very cute ideas inside but the editing has left part of the information out. For instance, the Winter Wonderland White Hot Chocolate in a jar has two ingredients listed, 1 1/2 cups white chocolate chips and 2 tsp. vanilla powder. The picture shows a brown stripe and marshmallows, not a single white chocolate chip in the jar. There are other editing errors and omissions as well that leave you to your own devices on a few gift ideas. The majority of the instructions are correct and clear, but be warned that there are errors. If your OCD kicks in over errors, buy a different book until this one is edited.
