Miriam Gourley : Dollmaking for the first time before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dollmaking for the first time:

0 of 0 people found the following review helpful. A lovely doll making book with lots of good information and lots of beautiful color pictures
By TessGA lovely doll making book with lots of good information and lots of beautiful color pictures! Being a long time doll making enthusiast I appreciate this addition to my collection of doll making books.
0 of 0 people found the following review helpful. Five Stars
By Bakiatu WONDERS book.
0 of 0 people found the following review helpful. Disappointed
By Gail H Henry I had hoped for a far more detailed approach to doll making and this didn't deliver -- for the price, I regret having bought it.

Cloth dolls and wooden dolls; life-size figures and those as small as clothespins; dolls as ornaments and a complete set of dolls like a miniature family: oh, what a beautiful doll you can make with this well-illustrated guide at your side. As with all the acclaimed For the First Time books, it teaches the basics, from preparing the patterns to painting the face and styling the hair. The techniques unspool in an easy-to-follow question and answer form
How do I make a simple

cloth doll? How do I make a doll with button-on joints? accompanied by a project. Above all, every page encourages crafters to break the rules, use their imagination, and find ways of making each doll special and personal.
