Robert K. McKinley : Dollmaking: One Artist's Approach before purchasing it in order to gage whether or not it would be worth my time, and all praised Dollmaking: One Artist's Approach:

12 of 12 people found the following review helpful. Dollmaking: the best approachBy RadonnaThe late Robert McKinley touted by his peers as the very best in his field, believed that the art of one-of-a-kind dollmaking should be shared with any and all who wished to know. In this his first of two books, Bob takes you step by step through his process of creating just that; a work of art; whether you are novice, intermediate, or master. He encourages you through each step, telling you that happy accidents DO occur and where to go from there. Bob also encourages one to take what he has set down in this book as building blocks to create your own techniques and style. A must have for anyone wishing to know sound basics for creating a one-of-a-kind doll.0 of 0 people found the following review helpful. Working on my first doll!!!!By PorchiaDDNow I have both of Robert McKinley books. Let's see what I can do with them. The book came in great shaped considering it was used. My first doll is on tap....Stay tuned!!!0 of 0 people found the following review helpful. Five StarsBy CustomerExcellent!!!

Very detailed black and white photos show the process of doll making, from concept to completion. Tools, diagrams, developing and sculpting various parts of the doll, costumes and attachment are just some of the chapters presented in

this book.
