**From Brand: ACP Publishing Pty Ltd : Dolls and Bears to Make and Dress (The Australian Women's Weekly)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dolls and Bears to Make and Dress (The Australian Women's Weekly):

There are patterns for dolls, bears and clothes that are no less than stunning. There are rag dolls with gusseted faces that give them amazingly pretty and personable looks; simple rag dolls with complete wardrobes; a Barbie wedding gown that would rival Lady Diana's; knit dolls; sock dolls; a simple knit bear that is irresistible; and the wardrobes are a feast for the eyes. Doll couture! There is even a knit wardrobe for baby dolls with

fair isle sweaters, and an aran cardigan for your bear. There is a Barbie doll's ski outfit with a fur collar that begs to be made. I can't say enough about this wonderful book. I paid \$7.95 for an unopened copy, though, and wouldn't feel right not saying that, as some of these copies run over \$80, which is just too much. Also, the measurements and cutting guidelines are in the metric system, so bring a double-sided tape measure when you shop.0 of 0 people found the following review helpful. Four StarsBy BarbaraThe golly pattern is great. The postage was far to expensive.

There's always a favourite toy that accompanies its small owner and invariably the toy is a handmade one, with that special feel that comes from being made with love. This book offers a tried-and-true collection of classic toys, each of which should delight a small recipient.
