Four StarsBy Marjorie DowdenA nice addition to any collection.4 of 4 people found the following review helpful. useful but a bit datedBy sally tarboxMy first impression was that the pictures were a bit ...well 1980s! However this is a really handy book for anyone with a child wanting a wardrobe of outfits for their doll (this caters for 15-23" dolls.) There is everything you could want from undies, nightwear, various trousers, skirts, accessories, and even knitting instructions for a jumper and cardi. The patterns are clear and easy to follow and could easily be customised to give a more attractive result!1 of 1 people found the following review helpful. Nice book. Lots of patterns included.By SunnydeeCute book with lots of ideas. A lot of basic patterns are included, but must be traced from the book. The only thing I don't like is that the pattern pieces are superimposed on one another, and it's hard to figure out which line to trace for the project you want to make.

Including 31 pages of patterns and instructions, this text takes the reader through the making of a complete wardrobe for dolls from 38cm (15 inches) to 58cm (23 inches).

From Library JournalThis collection of full-size patterns for dolls from 15 to 23 inches tall includes a complete wardrobe, from underwear to accessories. Most designs are sewn, but there are also two patterns for knitted sweaters. All patterns are given for three sizes and are graded by level of difficulty. This book will be of interest both to adults

and to older children who know the basics of sewing. There are color photographs of dolls wearing many of the garments, and the author includes ideas for finishing and embellishing. With 38 patterns, this is a good value for public libraries. Copyright 1998 Reed Business Information, Inc. Language Notes Text: English (translation) Original Language: Danish
