KarnsteinA very worthy book full of great ideas and designs to decorate any dollhouse room, from nursery to bathrooms, parlors and cafes.Although this book is fantastically written and illustrated with pictures and patterns, it is quite a challenge to do some of the more advanced designs of the curtains.If you are a neofit, it could be frustrating to see that these constructing techniques are quite advanced, and except some of the more simple designs, you will have yourself troubled wondering how to begin, especially if you are not very good at sewing.I love Sue Heaser work, but I really find this book quite a challenge.0 of 0 people found the following review helpful. ... with lots of information and detail on making the best looking curtains for your dollhouseBy L. helpful. What a Help this book Has Been By Michael! This book is wonderful it has patterns for window coverings in your miniature house. Very easy to follow with excellent steps on creating beautiful drapes and pelmets. It saved me a lot of money and it was fun to do the crafts.

Create life-like curtains and window dressings for dolls' houses of every period and style. From curtains, blinds and drapes, to pelmets, tiebacks and valances, everything you need to create inspirational window dressings for our dolls' house is included here. Over 25 step-by-step projects show how to make a variety of window treatments. Further variation ideas, illustrated in color, allow you to adapt many of the projects to suit your dolls' house. A section on the basic tools and equipment used offers practical guidance on choosing fabrics and miniature haberdashery such as silks, cords, fringes and trimmings. Essential techniques such as making a pattern, fabric pleating and making tassels and cords are included and guidance on installing your finished project is also covered. Easy-to-use templates are provided where necessary, and inspirational color photographs show the finished curtains displayed in situ.
