Beautiful illustrations and photos of miniature scenes and patterns to make everything you see! 1/12 scale clothing patterns for dollhouse sized doils are also included. This size has been hard to find, so I was thrilled! Very inspiring. If you love hand sewing this is your book.42 of 42 people found the following review helpful. Everything You Ever Wanted to Know. . .By Kindle Customerabout soft furnishings for doll houses. I ordered four books on this subject and returned three because this one covered everything. It's the only one you'll need. Drapes and curtains, bedding--bedspreads and quilts right down to mattresses, sheets and pillows. Doilies, clothes, bath mats, shower curtains, teensy accent pillows, carpets (oriental, braided, rag), even macrame plant hangers. The photographs

of the items in room settings are lovely, and the patterns given are useful. My only complaint is that because the book was written and published in England, the needle sizes and yarns to be used for knitted and crocheted items are pure guesswork. A conversion chart should have been included for American sales. Regardless, it's truly a five star book.0 of 0 people found the following review helpful. Great book. So much more than needleworkBy ohioecat20Great book. So much more than needlework, there are furniture patterns and instructions on how to make everything you could want for a Victorian dollhouse.

A collection of needlecraft projects which includes over 250 items designed in 1/12 scale to bring charm and realism to dolls' house interiors. Everything is included, from the basic essentials, such as carpets, curtains, bedding and soft furnishings, to the small accessories, such as lampshades, cushions, pictures and ornaments - even a macrame hammock. There are projects for everyone, from simple, effective ideas for the beginner to more challenging miniature "heirlooms" for the experienced stitcher. Each of the contributors has an international reputation in her field of work: Isobel Hockey - knitting and crochet; June Stowe - knitting and pattern design, specialising in period authenticity; Sue Bakker - needlepoint designer; Doris Lockyer - embroidery; Joan Ince - upholstery.

'Every chapter is of the same high standard one has come to expect from Venus Dodge. A must for anyone interested in miniature needlecrafts.' Ann Grover *The Home Miniaturist*;...a book full of great little ideas.' Sharon Thomas.
