**Eve Harwood : Dolls' House Window Treatments** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dolls' House Window Treatments:

Contemporary dolls' houses have beautifully made and truly authentic-looking windows -- so give them the treatment they deserve! With curtains, drapes, swags, and more you'll design a little "vignette" around each window area that speaks for itself and connects with the room's interior decoration. Start by selecting the right construction tools and materials, from polystyrene tile to trimmings and brass fittings. The simple techniques range from measuring and drawing patterns to sewing basics. Make wooden roller blinds from cocktail sticks; elegant valances in soft velvet; charming cafe curtains for a kitchen; and period styles, including Regency and Victorian. And the complete design

schemes -- from a cherub-and-pearl pelmet and curtains to sweet half curtains held by teddy bears -- will enchant you!
