**Megann R Zabel : Dolly Bureau: Doll Patterns and Fashion (Volume 2)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dolly Bureau: Doll Patterns and Fashion (Volume 2):

By Katie I've already sewn several of the patterns in this book, and found them well drafted and easy to sew. I've sewn styles for 1/6 BJDs, 10 1/2 inch dolls and Momoko. All fit well on the dolls they were designed for. I also used the 10 1/2 inch doll patterns for my J-dolls and they worked with minor alterations. All in all, I'm thrilled with this book. I really think it fills a niche that isn't covered by other doll sewing books. I can see making nearly everything in this book. It's an incredible bargain! 3 of 3 people found the following review helpful. Super easy clothes By Sally This book has easy to follow instructions, and patterns that fit quite well. With the 1:6 scale bjd, you do have to keep your own doll's measurements in mind. My doll is about 1-3 cm smaller than the doll the patterns are based off of, but the patterns are still easy enough to be altered. The monster high sized clothes fit quite well, and I really love how they

would post where the example of the finished products were in the books. I would definitely recommend this to anyone who wants to make new clothes for their doll for a fraction of the price clothes can cost. 2 of 2 people found the following review helpful. Five Stars By Happy Herbert Very nicely put together. Like this one even better than the first book.

Dolly Bureau Volume 2 is a pattern and fashion book for collectible fashion and ball-jointed dolls such as momoko, 12 inch fashion dolls (such as Fashion Royalty doll), super slim 10.5 inch dolls (such as Monster High), 1:6 scale ball-jointed dolls and super tiny (10-12 cm tall) ball-jointed dolls (such as PukiPuki). The book offers full color page photos of pattern designs, followed by to-scale patterns with instructions. Along with patterns for specific doll types, comparison photos of other dolls in these designs are offered, such as Silkstone, Picco Neemo, Deja Vu, Amelia Thimble, and Kelly dolls. Dolly Bureau Volume 2 also features a thorough photographic tutorial of one of the patterns.
