Veronica Gabriel : Doodles Coloring Book: Volume II - Abstract Faces (Volume 2) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Doodles Coloring Book: Volume II - Abstract Faces (Volume 2):

This is Volume II of my Doodle coloring book series, and the drawings are more elaborate than the ones in the first volume. It is a unique coloring book containing 30 pages of abstract faces, designed for both the beginner and intermediate colorists. All of the concepts are drawn by hand, and no measuring is involved, so expect a more homemade touch to them. Enjoy, and let your artistic side shine through!
