**Jill Miller : Ease and Elegance (Scrapbook Styles)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ease and Elegance (Scrapbook Styles):

I don't need to have exotic tools to complete the pages. I don't have to blow up my photographs to 8 x 10" just to do a page. This book has lots of ideas for using my 4 x 6" photos and maybe a 4 x 6" with a few smaller shots. Very creative ideas. I can look at the idea pages, and scraplift many of them already!11 of 11 people found the following review helpful. Overflowing with Creative Ideas, Pages, Tips and Tricks...!!By Croppin' CaryMy copy of "Ease Elegance" just came in the mail and I'm so excited about it that I had to write this review. This idea book is jam-packed with scrapbook page layouts, hints, shortcuts, tips, and tons of unique ideas! Once again, Jill Miller is able to reach scrapbookers of all experience levels with the carefully planned chapters, easy to reference pages, clearly detailed supply lists and descriptions. Her notes and small up-close photos

(to show details) allow the reader to become involved in each scrapbook page layout. I really appreciate the additional "Title Twist" and "Subject Switch" suggestions. The cover says "100+" ideas... I think it should read "1,000+" ideas! The variety of methods, tools, styles, and themes combined with creative uses of unique materials (sandpaper, leather, charms, ribbon, paint, etc...) blend together to form this outstanding idea book that is sure to be one of your favorite reference books. I like how Jill included all skill levels in this book. Whether you are just starting to preserve your family photos, are a Beginning, Intermediate, or Advanced Scrapbooker, your skill level will increase after reading this book. I can't wait to pour over each and every layout and read all of Jill's tips, hints, and suggestions. Thank you Jill for another wonderful book! 10 of 10 people found the following review helpful. Wow! Wow! Wow! By GSD Lover Jill Miller is a magician! In this marvelous book she has managed to focus on expanding our creative spirit while so many of us have little time for complicated instructions. The chapters, Beginner, Intermediate and Advanced are do-able by all even if they look complicated. That's the great thing about Jill is that the more beautiful the pages are, the simpler she makes them able to do by anyone. These ideas are not your ordinary run of the mill pages but special in the way a Mother feels about each of her children. She finds ways to use ordinary household materials to do extraordinary techniques so you don't have to break the bank to make great pages. I can't wait for her next book because I'm sure it'll be just as great if not better than her first two. She is truly the most gifted scrapbooker I have ever seen work come from. Hurry and get your copy before it sells out because your idea library is not complete without this one book. Thanks Jill, you're the greatest and I love your work, probably because it's so similar to my own style!

The new Scrapbook Styles series is a must-have source of inspiration, design, and techniques for every busy scrapbooker, from absolute beginner to seasoned artist. Each book in the series focuses on a specific area of scrapbooking, introducing new techniques and materials, sharing exciting layout ideas from the classic to the cutting edge, and offering shortcuts that save time and money. Packed with full-color photos, this series will motivate even the most reluctant family historian. Scrapbook Styles: Ease Elegance features techniques that use "creative crutches" such as patterned papers, stamps, stickers, and other easy-to-use embellishments in three skill levels: beginner, intermediate, and advanced. The impressive results range from simple, casual everyday layouts to elegant special-occasion pages. Author has appeared on 18 episodes of the popular DIY Scrapbooking TV program Scrapbooking is the fastest-growing segment in both the crafts and stationery industries. New series covers the latest trends in scrapbooking, making them easy, fast, fun, and stylish. The average scrapbooker spends 10,000 dollars a year on their hobby.
