Dyeing your own fabric is easy and fun! My method for dyeing fabric is very easy and tends to produce a fabric with an unevenly colored surface which I prefer because it makes for a more interesting piece of fabric to work with. In this

book I show you my method for dyeing solid fabric using procion dye. I'll also show you how to create tone on tone fabrics using Jaquard Color Magnet using several different methods for applying it to the fabric including screenprinting, stamping and writing with a plastic craft syringe.

About the Author Sue Bleiweiss is an award-winning full-time fiber artist. Working with her own hand dyed cotton she creates vibrant, whimsical colorful art quilts intended to delight the eye of the viewer and draw them in for a closer look.
