But who knew it could be so easy to make your own? With this handy little guide, almost anyone can quickly become a proficient soap maker - for themselves, their family, or their friends. What great gifts handmade soaps make! And, with the many different soap 'recipes' in this book, I can see myself quickly becoming the official family soap maker - with boxes and baskets of fragrant hand-made-by-me soaps passed around at family gatherings and holidays. Thanks to Anne Medlin and her book "Easy Soapmaking for Beginners: Learn to Make Homemade Soap, Plus Dozens of Easy Recipes" I know what I'm going to be doing for this year's Christmas gifts! 0 of 0 people found the following review helpful. Makes it Really Easy to Make Your Own Soap By Leah I thought that making soap would be very difficult but Anne does a great job at simplifying the process to make it extremely easy to follow. She tells you the equipment and supplies you need, links you to the exact resources including affordable Lye, and has really simple recipes and instructions. My mother and I have been taking floral design classes together and arrange flowers as a fun bonding activity/hobby, but I think this will be a great fun and more affordable hobby to take on. Not to mention the fact that it

will be great for our skin as the ingredients are all natural.0 of 0 people found the following review helpful. Pretty goodBy Hatbox121It is easy to read. It has good information. It has a bunch of recipes. My only issue is that it seems like a very large batch, which I'm not interested in. I can obviously cut them down but I'm not sure how many bars these make. It would be helpful if it had said something like makes 36 2in bars or something. I am aware that there are a variety of different sizes, etc.
