But it is almost good as new! It does have some wear to it but that just means it was a good book and used by the first owner. It has lots and lots of ideas for cloth dolls of all sizes and the clothes to wear too.All the patterns are included in the book you just have to copy the pages and cut them out. The only thing about this book was it is all black and white and more drawings than actual photos of how things look. But the instructions were very clear and easy to follow. Not only patterns for dolls but the clothes are all in the book and they are for three different sizes 18,20 and 25 inch dolls. Even has a section for Raggedy Ann and Andy! Cloth Dolls 101By Loretta CookEasy to Make Cloth Dolls and All the trimmings I chose this book because I'm interested in making cloth dolls plus I have another book by the same author. This book is very easy to understand plus she also gives you tips on where to find certain items, such as fabric etc. Another plus was that the book is reasonably priced. I was really happy to be able to find this book and so far I have enjoyed it.7 of 7 people found the following review helpful.
