Gene Florence : Elegant Glassware of the Depression Era: Identification and Value Guide (Elegant Glassware of the Depression Era: Identification Value Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised *Elegant Glassware of the Depression Era: Identification and Value Guide (Elegant Glassware of the Depression Era: Identification Value Guide)*:

4 of 4 people found the following review helpful. Good place to startBy Ms.TThe book arrived as promised, on time, well packed so the vendor did fine.The book is also good, although the prices are scary and not realistic. It seems that much of the data was collected in the 'New Millennium Rush' when everyone paid too much for EVERYTHING - not

just real estate. This book has quite a few color pictures and the collections are more complete than other books I've seen, so a great place to start learning about Elegant Glass.0 of 0 people found the following review helpful. Five StarsBy Customerfor the glassware collector0 of 0 people found the following review helpful. Five StarsBy Customerlove these books by florence

This title is released every other year, with hundreds of new photos, listings, and updated values. This book features the handmade and acid-etched glassware that was sold in department and jewelry stores from the Depression era through the 1950s.

As defined in this book, elegant glass refers to the hand worked and often acid etched glassware that was sold by better department and jewelry stores through the 1960s. Values have been adjusted to reflect the fact that in today's market, the values of most of this glassware have dropped over the last few years, and prices have been lowered accordingly to more accurately represent today's market. The listings in this book are alphabetical by pattern name, from Achilles to Yeoman.About the AuthorA collector since childhood, Gene Florence's hobby of buying and selling glassware turned into a full-time career. First writing a book on Depression Glass, Florence has gone on to author many popular glassware titles including books on Depression Glass; Occupied Japan Collectibles; Kitchen Glassware; Very Rare Glassware; 40s, 50s, 60s Glassware;Elegant Glassware; Stemware; Glassware Pattern Identification; Anchor Hocking's Fire-King; Glass Candlesticks; and Salt Pepper Shakers.Cathy Florence, graduated with honors and a coveted voice award from high school, attended Georgetown College where she obtained a French major and an English minor, then married her middle-school sweetheart Gene Florence. In the mid-80s she authored a book on collecting quilts, harking back to skills taught her by her grandmothers; and she has since co-authored many books on glass with husband Gene.
