Martin Hdepohl : Elite Weapons for LEGO Fanatics: Build Working Handcuffs, Body Armor, Batons, Sunglasses, and the World's Hardest Hitting Brick Guns before purchasing it in order to gauge whether or not it would be worth my time, and all praised Elite Weapons for LEGO Fanatics: Build Working Handcuffs, Body Armor, Batons, Sunglasses, and the World's Hardest Hitting Brick Guns:

1 of 1 people found the following review helpful. Good buyBy CustomerAs expected. Good buy5 of 5 people found the following review helpful. GoldBy cameronThis book is the best hobby a boy can have . And and a old man . The book is a Lego bible lol1 of 1 people found the following review helpful. Great idea, great book.By CustomerThis is a great Book not just for Lego fanatics. The models are interesting and almost all of them contain sophisticated

mechanics which are still easy to build, thanks to the comprehensible and detailed plans. Noteworthy is also the hilarious storyline connecting the individual parts of the book. But in general I'd say the sheer originality makes this worth buying, even if you never build one of the models you can still show it around when you have people over and run out of conversation topics. This book definitely makes for some good entertainment.

The last LEGO brick weapon construction book and design guide you'll ever need, *Elite Weapons for LEGO Fanatics* features building instructions for thirteen fully functional LEGO masterpieces, including the monstrous, 27-inch-long Dinosaur Superior, a fully automatic combat rifle that can puncture aluminum cans, and a highly detailed HK G3 brick replica. Also featuring a helmet, a baton, handcuffs, sunglasses, and a grappling hook gun, which allows you to retrieve distant objects without ever leaving your seat, *Elite Weapons for LEGO Fanatics* includes a chapter on how to find the LEGO pieces you need and a comic book story featuring a hero using the weapons in action. LEGO fans of all ages and skill levels will find a treasure trove of models, including: Hammerhead Jr., a single-shot crossbow and its big brother, the heavy-duty Hammerhead Sr. Panzer Pod combat helmet KlopSTOCK baton Melody, a rubber-firing machine pistol Nice-1, a pocket-sized pistol that packs a punch Chinahook harpoon gun Sunglasses, in two different models A functioning Heckler Koch G3 replica in LEGO bricks

About the Author Martin Hudepohl (also known as Xubor), built his first LEGO guns more than twenty years ago and has been designing and planning increasingly advanced models ever since. He is also the author of *Badass LEGO Guns and Weapons for LEGO Lovers* and is a freelance programmer and musician. He lives in Hamburg, Germany.
