There is so much eye candy in it I can spend hours just looking at it, for the joy of the experience. I decided to see if I could buy it somewhere. I was thrilled to find it and it was so affordable that I ordered it. I love the colors, the poems and quotes and sayings. I know it inspires me to do more on my cards and scrapbook pages, I just hope I can stop looking long enough to actually use it to make something.0 of 0 people found the following review helpful. niceBy C. AdkinsThis was a nice little book for ideas in scrapbooking. I would recommend this book for some great ideas in

scrapbooking. 3 of 3 people found the following review helpful. Great for reference
By LaurenMarie I really like this book. It's full of ideas. The only problem I can see is that everything in here has a similar style (inked edges, buttons) but I enjoy it and use it for reference to create my own embellishments.
