Reiko Takenaka : Enchanting Ikebana: Step-by-Step Japanese Flower Arrangements before purchasing it in order to gage whether or not it would be worth my time, and all praised Enchanting Ikebana: Step-by-Step Japanese Flower Arrangements:

2 of 2 people found the following review helpful. Very Practical By Bernadette Starling I bought this for Mother's day. My mother loves the book and was very pleased with the book. I personally love the practical step by step instructions and find them very useful for a beginner who wants to create precise ikebana. My mother in contrast is more interested in using the book as sort inspiration and never uses the step-by-step instructions. I deducted one star for Reiko Tanaka's dull choice in flowers. I would expect something interesting and striking in flowers and she failed to deliver. 1 of 1 people found the following review helpful. charming and enchanting By kevin schrammen I have all of Reiko Takenakas Ikebana's book's. and i found them all to be exceptional informative and easy to follow. If you want to become a professional at this type of flower arrangement, You may find this book very profitable. from a z0 of 0 people found the following review helpful. Five Stars By Norm interesting resource.

A practical guide to creating beautiful floral arrangements. With rich color photos and illustrations, this book introduces floral decorations for use in a variety of locations and styles.

About the Author REIKO TAKENAKA has given many demonstrations, and has designed and arranged many displays for numerous events, including demonstrations before state guests. Now she plays an active part in domestic and international scenes of cultural exchange as an ikebana artist, in such cities as New York, San Francisco, Hong Kong, Geneva, Singapore and Malaysia.
