0 of 0 people found the following review helpful. Epic Crafts for the Rubber Band LoverBy NO REAL PLOT!The designs on this book are very cool. I especially love the double and triple cuffs. Some of the length stated in the instructions are either for infants or really small children because my mom had to redo the cuff two-three times before she got to a length that fits me and my sister. Otherwise this book is a treat for loomband lovers.0 of 0 people found
