Julie-Anne Walters : Everyday Soap Making: Go From Beginner To Expert In Learning How to Make, Natural, Easy, Handmade Soap From Scratch. before purchasing it in order to gage whether or not it would be worth my time, and all praised Everyday Soap Making: Go From Beginner To Expert In Learning How to Make, Natural, Easy, Handmade Soap From Scratch.:

11 of 11 people found the following review helpful. Needs soap bases recipesBy CustomerGood information on everything except actual recipes for the soap bases needed for the recipes.I thought the other information was great. I want to try making soap but will need to see an actual recipe to start with.AUTHOR said the book was updated with recipe but that is not true. There is no recipe with exact ingredients and exact measurements. I even checked with .15 of 16 people found the following review helpful. Lacking in Instructions/RecipeBy David G BI expected a basic recipe somewhere in Part 1: Guide to Soap Making. The information there was good - instructions for both cold and hot methods of soap making as well as mention of ingredients. Then we move to Part 2: Soap Recipes. Nice recipes, calling first for 'Basic melt and pour soap base' where you pour that into a bowl and cover.Where do we obtain that basic soap base? It's not mentioned in Part 1, although there is a chapter "Equipment Supplies You Need." Distilled water, Lye, color or fragrance (if desired) - but no "How To" on creating that necessary 'Basic melt and pour soap base.'Also, it would have been nice to have photographs of the finished recipes. The front cover looks great - are those from some of the recipes? Which ones?More questions than answers, though I did not learn how to make natural, easy, handmade soap from scratch from this book.4 of 4 people found the following review helpful. Not that greatBy Ravi KI did not find this book very helpful nor was I impressed with the recipes. I have found better tutorials online.

SOAP BASE RECIPE

About the AuthorJulie-Anne Walters is a professional candle and soap maker from Hertfordshire, England. She has over 20 years of experience in the field and prides herself on making candles and soaps from only natural ingredients to the very highest standards.
