Ben Willardson : Exploring Careers With Kids Activity Book: ABCs of Civil Engineering: Activity Book (Volume 1) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Exploring Careers With Kids Activity Book: ABCs of Civil Engineering: Activity Book (Volume 1):

0 of 1 people found the following review helpful. Great childrens book!By lyndseyMy son is 4 and as soon as i finished the book he said "read it again"! Every letter has a good amount of information but short enough to keep attention!I am giving an unbiased review on this book. Everything i say is because it is my opinion and from my own experience.0 of 1 people found the following review helpful. Not your typical ABC bookBy KmerlauInteresting book for kiddos that love engineering. My grandson thought it was very cool. I enjoyed the explanation under each photo. The photography was amazing.

This is an activity book for children that provides learning and creativity. The focus of this book is civil engineering. The coloring, mazes, word searches, and crossword puzzles are all related to civil engineering topics. The book is a companion to Exploring Careers with Kids: ABCs of Civil Engineering.
