Beautiful Dollhouse CraftsBy Mary Bellis WilliamsThis is the perfect book for anybody loving medieval and renaissance times and interested in miniatures and dollhouses. The projects are well-described and beautifully illustrated with photos and color drawings. You can make doll costumes in period, embroidered bedspreads, cushion covers, settle cushions, and tapestries -- all the fiber arts from a medieval or renaissance household. The directions are easy to follow, and the projects are WONDERFUL! Can't recommend it highly enough. Get two! Get three!2 of 2 people found the following review helpful. Want a knight in shining armor?By Frances S. HealesThis is the most fascinating book on making miniatures I have ever seen. I am looking

forward to making the armor, and some of the tapestries. A warning - working in 1/12th scale is addictive, but really rewarding to do. 0 of 1 people found the following review helpful. Five Stars By Raymond J. Mendonca Beautiful and can't wait to get started!

Everything's possible in the world of miniatures! Return to the days of yore, when heroic knights proved their mettle in jousting tournaments, ladies wore elaborately embroidered gowns, and royalty slept in lavishly draped four-poster beds. Just get out your needle and these patterns, and start stitching a range of meticulously researched, wonderfully executed patterns for Medieval and Tudor furnishings and costumes. All done in the popular 1/12 scale, they feature fabulous designs for a knight's chain mail, a richly decorated dress perfect for court, and wall hangings, settle cushions, and table carpets suitable for a Tudor mansion. Each project includes fascinating historical insights, color photos, diagrams, designs to photocopy, and advice on technique and assembly.
