Lily G Baker : Metal arts for boys and girls before purchasing it in order to gage whether or not it would be worth my time, and all praised Metal arts for boys and girls:

1 of 1 people found the following review helpful. This is the one.By Tracy JuhalaThe book is clearly written with cool projects throughout. The layout is visually appealing to flip through. This is the best resource out there to teach kids metalwork that I have seen.

Written and illustrated By Art teacher, Industrial designer, Lily Baker. 104 pages of full color easy to follow instructions on how to set up a metal working studio in your own home, how and where to get all the tools and materials. And how to safely use them to produce one of kind, lasting works of art. This book is a lighthearted fusion of art education, science and design. Color photos and fun illustrations make it easy to read and enjoyable for artist of

all ages and abilities.
