Val Pierce : Mini Christmas Crochet (Twenty to Make) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mini Christmas Crochet (Twenty to Make):

2 of 2 people found the following review helpful. Overall~Great Price, Color Photos, Lovely Patterns...with some annoying quirks...buy it anyway!By donnaI love the variety of patterns in this book. Nothing difficult to make. Materials available locally for me. What I did not like, was I bought the paperback book and was so annoyed at how stiff and hard to manage it was, because this is a very thin book. I also did not like the color type...the instructions were written in a pale grey and for me it was so difficult to read.I had to photo copy the pages to beable to read the patterns. Being for both UK and USA was somewhat annoying with the two being used at the sametime. Over all, for the price, this was a nice book, filled with colorful photos, and lovely patterns. Worth the price even with all the

quirky things that annoyed me. 0 of 0 people found the following review helpful. fairly easy to use and follow
By MiceleCute patterns, fairly easy to use and follow. But it is a smaller paperback book with few patterns, so for the price, it seemed a little high. I probably would've like a few more items that were not ornaments or napkin holders. But if you make the items, they do make cute, basic stocking stuffer like presents. Maybe because of the way I crochet (probably not tight enough) so the items I made were not as mini as in the book. You will probably need to use the correct hook and type of yarn. Nevertheless, very cute book.
1 of 1 people found the following review helpful. mini Christmas crochet
By Linda Lea Whitaker I love to crochet tiny things and the patterns in this booklet are all so cute that I can't make up my mind on which I want to make first. Most likely it will be the Reindeer on the cover.

Novelty knitters and crocheters will love this collection of mini Christmas projects to crochet ready for the festive season. Val Pierce has designed twenty different projects, including a mini Christmas stocking, a cute reindeer, a snowman, a Christmas cracker, a snowflake, star, Christmas pudding, an angel, a fairy and much more. Full crochet instructions are provided, and each project is simply photographed so that the reader can see the design clearly, and also shown in a sumptuous styled photograph, showing the beautiful possibilities of the finished pieces. There are plenty of ideas for ways of displaying the projects. The mini knits will appeal to those looking for items they can knit up quickly, using up ends of yarn.

"Crochet your way through patterns for a Christmas tree, dove of peace, glimmering snowflake (embellished with pearl beads), Rudolph the red-nosed reindeer, a cute baby penguin and much more. There's even a Christmas cracker - why not crochet one for everyone at the dinner table?" Knit Today (December 2011)
