John Austin : Mini Weapons of Mass Destruction: Build and Master Ninja Weapons before purchasing it in order to gage whether or not it would be worth my time, and all praised Mini Weapons of Mass Destruction: Build and Master Ninja Weapons:

5 of 5 people found the following review helpful. Gift for ninja-obsessed sonBy Kindle CustomerMy son has been a ninja every year for Halloween. Every. Single. Year. When I saw this book, I thought it would be a perfect gift for

him. It arrived quickly and has tons of entertaining ideas for him to take his ninja warfare with his brother to the next level. Update: My lil' guy ended up making every single project in this book. He'd wake up early to make extra time for building a new ninja creation, then spend his after school hours leaping around the back porch with his new "weapon". 1 of 1 people found the following review helpful. Love It! By Scott Fisher This has been an extremely helpful book to curb boredom at my work when we have our extremely slow days! Love it! 3 of 3 people found the following review helpful. my son loves this series By amymcgmy son thought the projects in this book were a little easier to do than some of the others in the series, and used more found materials, rather than him making me a shopping list :)

Mini Weapons of Mass Destruction: Build and Master Ninja Weapons is another great instruction manual from John Austin. Whether folding a throwing star from a sheet of notebook paper or fashioning a blowgun and dart from the newspaper, you'll have hours of fun with this book. GeekDad
