Arthur Edward Waite : Miniature Rider Waite Tarot Deck before purchasing it in order to gauge whether or not it would be worth my time, and all praised Miniature Rider Waite Tarot Deck:

decks (this is also made by U.S. Games and carries the trademark on the border, like the regular cards). I think the texture of the cards makes it a little easier to grab and shuffle and that compensates for the awkwardness of manipulating tiny cards. Now, the size of the cards is perfect to carry along (which is the reason why I bought them) and the images are sharp enough for me to read comfortably. I recommend the deck if you have a job with a lot of down time or go to school and want to practice during your breaks between classes. The deck really comes in handy. 1 of 1 people found the following review helpful.
