From Publications International, Ltd. : Mom Tell me Your Story - Keepsake Journal before purchasing it in order to gage whether or not it would be worth my time, and all praised Mom Tell me Your Story - Keepsake Journal:

0 of 0 people found the following review helpful. BUY THIS BOOK AND USE IT...BEFORE IT'S TOO LATEBy John C PublicA friend recommended this book after mom had been diagnosed with stage 4 cancer. I ordered it after going out of state to take care of her. Sadly the disease progressed so quickly that I only had a chance to ask a few questions. But the stories she told me will be forever etched in my mind, as well as in the book. I actually used those answers when I spoke at the funeral to tell people who Mom really was because they gave so much insight to to her

personality. It is beautifully made and well laid out. You don't have to ask questions all in order...I didn't because time was so short. But the book has questions you never would have thought of asking, therefore teaching you more about her life, her past, her family, thoughts, and things she cared about the most. I highly recommend that you buy this book and start asking the questions before it is too late and you are no longer able to find these things out. It gave mom a chance to think and talk about pleasant memories to distract from her pain. It also made me feel closer than ever to her. 3 of 3 people found the following review helpful. This is great! A fun and easy way to share your ...By Customer My daughter and now son-in-law got this for me to give back to them. This is great! A fun and easy way to share your life story, if you will, with your children, and generations down the road! Extra pages for you to "do your own thing"; places for pictures, etc... 2 of 2 people found the following review helpful. Great quality By Customer The book is much larger than I thought it would be. I mean actual book, not number of pages, but I'm not complaining! I love them! The books were great quality and interesting.

Capture a lifetime of priceless memories all in this one scrapbook like journal. Places to write memories, paste photos, gather information about "Mom". A keepsake to pass down for years to come. Padded hardcover book.
