**Pat Speth : More Nickel Quilts: 20 New Designs from 5-Inch Squares** before purchasing it in order to gage whether or not it would be worth my time, and all praised More Nickel Quilts: 20 New Designs from 5-Inch Squares:

1 of 1 people found the following review helpful. Great looking quilts and instructions on how to make them. By J. Danz Fantastic book... not only great ideas on how to use 5" charm squares, but she also includes 4" and 6" squares too. Good directions on how to cut and make the basic elements of the quilts. I would purchase it again and will purchase more of Pat Speth's books. 0 of 0 people found the following review helpful. Nickel Quilts By SRW Lots of good, easy ideas! 0 of 0 people found the following review helpful. Beautiful patterns By Laurie Carmichael I just started getting into charm packs so I decided to focus on patterns specifically for charm packs. This book was perfect for what I was looking for. The patterns look complex but the instructions are very easy to follow. Quilters of all levels would love this book. Beautiful patterns!
