1 of 1 people found the following review helpful. I thought this was a fantastic introduction to embroidery. I started when I was 7. My only criticism is that it needs to teach a couple of more stitches such as blanket stitch and back stitch to be a bit more complete. I greatly enjoy the series, and this is definitely well worth buying, and definitely could be used with even a 5 year old. Short, sweet and to the point, very visual. 1 of 1 people found the following review helpful. Glad I purchased it. By Customer Purchased for my teen. I like how the directions are easy to follow and the pictures are clear. I even learned a few stitches and even now know what to call the ones I have been doing for years. This has all she needed to do a real project. She made a pillow out of it. 1 of 1 people found the following review helpful. Bought it for my Granddaughters who are 5 and 7 ... Through simple rhymes and clever illustrations, this book introduces children ages 5 and up to embroidery. Part of Winky Cherrys hands-on approach, the projects encourage children to slow down and enjoy the process of learning to

sew. Fledgling embroiderists will learn basic techniques, such as the cross-stitch, by stitching their names onto gingham using charts as guides. Inspiring young students to think of embroidery as art, the simple rules in this how-to show kids how to stitch letters, borders, and hearts. Tried and true, this handbook leaves children with a feeling of accomplishment, as well teach lessons in safety, sharing, decision making, confidence, and patience. This book is the second in the My First Sewing Book series. The complete kit includes an embroidery hoop, gingham sampler fabric, flannel backing, and five colors of crochet thread. Winky Cherry's unique My First Sewing Book program teaches young children not only sewing skills, but life skills: responsibility, commitment, focus, patience, coordination, organization, and how to follow rules, all through the enjoyment of sewing. In six books, levels progress from simple hand sewing, embroidery, and doll making, to machine sewing, patchwork, and quilting. The three hand sewing books feature clever rhyming instructions for children as young as 5. The three machine sewing books are for children ages 7 and older. All six titles have simple, clearly-illustrated instructions. Each book builds on the previous books, and each book can stand alone.
