Creative ideas and helpful hints for the beginning crafter.By Barbara KenneyThis sewing book was purchased as a gift for my ten year old grand daughter. She is artistic and reads well. The projects that she has completed from this book are really cute. She made a doll for one of her sisters for a birthday gift and did it alone. Not only does the book give you ideas, but leads a child to use their imagination and augment the ideas into other projects. She loves the book!11 of 11 people found the following review helpful. Great, simple

projectsBy Kindle CustomerMy 7 yr. old daughter found many projects in this book she is interested in making. Very simple and cute. Already picked out a few great Mother's Day projects for Grandmothers. Would recommend to others.0 of 0 people found the following review helpful. Good gift for an 8-yr-old.By C. JonesGift for grandniece. She likes crafts and sewing, so she liked this.

Here are 35 brilliant projects that will help you learn how to sew. If you've never used a needle and thread before, don't worry start with the Sewing Techniques section, which simply explains how to do every stitch. Then pick something to make from one of the four chapters. In the Toys chapter, you'll find juggling animals, sock monsters and rag dolls, while in Fashion Fun, there are gorgeous bags, hair accessories and more. Next, discover some brilliant Decorations from hanging felt stars to pretty lavender bags. Finally, Great Gifts is packed with ideas, such as the finger puppet cards, felt egg cosies or the sausage dog draft excluder. All the instructions and cute step-by-step artworks are easy to follow; plus, each project has a grade so that you can start with easy sewing and move onto using more advanced stitches as you get better at it.
