Patterns!By Kathy P.Can't wait to start making some of these dolls for my young granddaughter. I know she will love them and they will always be special because her Nana made them.

Knitters will love this fabulous collection of adorable knitted dolls and their very contemporary styled clothes and accessories. There are 12 different dolls and all of the garments can be mixed and matched to create unique outfits. You can also change the dolls' hair style and color easily too--so you could go for a cute auburn bob or may be some long blonde pigtails for your doll! My Knitted Doll is not for the absolute beginner knitter, but will appeal to knitters who do have a basic understanding of the craft. Having said that, the instructions are presented succinctly with easy to follow diagrams, with charts for intarsia and other designs. Once completed these knitted dolls will make fabulous presents for children who will love the attention to detail given to their fun and stylish contemporary wardrobe.
