A truly inspired very little book By David Thomson This tiny 3" X 3" book packs a whole lot of wisdom, thought, inspiration and spirituality gleaned from so many of our great Native American ancestors. What a tragic loss that these ideas, dreams and spirit are no longer a part of our every-day life in this country. We have lost much by overrunning and ignoring these great Indian cultures. Take a moment to look at what is inside this "little book" and be amazed and inspired. 1 of 1 people found the following review helpful. I loved this book By K. Thurston-Samuels I loved this book. I am Native American and was pleasantly surprised how many of the writings were from our tribes former Chief. Sauk and Fox Tribe, Chief Black Hawk. So many wonderful and incredibly wise men. 1 of 1 people found the following review helpful. True Treasure By John D. Santivasci Very informative and enlightening

The words and evocative black/white photographs in this book provide a dramatic visual and spiritual portrayal of

Native American culture. Quotations by Native American leaders inspire us with their wisdom.
