**Florists' Review : Nature Takes Over: The Designs of Bill Harper** before purchasing it in order to gage whether or not it would be worth my time, and all praised Nature Takes Over: The Designs of Bill Harper:

0 of 0 people found the following review helpful. Nice book to have. By Kathy Ziemba This book was in very good condition and well cared for. It didn't have some things I thought it would but still I am very pleased with and happy to add it to my collection of garden books.

Florists' Review is proud to release the first book from Bill Harper, AIFD, AAF, FAM, one of the most celebrated and accomplished floral designers and teachers in America. As a frequent contributor to Florists' Review magazine, Bill has delighted readers with hundreds of beautiful designs for more than 20 years. This book shows even more of his amazing creations, with each photograph becoming a lesson in itself, revealing practical and inspirational ways to arrange flowers. This hardbound collection of more than 100 botanical creations includes chapters on Garden, Asian, Prairie and Modern design. More than 100 designs.

About the Author Florists' Enterprises, Inc. is the leading magazine and book publishing company for the U.S. floral industry. The company is home to Florists' and Super Floral Retailing magazines as well as to Florists' Bookstore, the industry's premier marketplace for books and other educational materials.
