don't know was a gift

Flying multicopter drones - quadcopters, hexacopters and others like them - is one of the fastest growing hobbies in the world, with millions now enjoying the challenges of unmanned flight.

About the Author
ADAM JUNIPER has been flying drones and model helicopters for years, and enjoys nothing more than sharing those skills and the videos he captures. He is active in the community and his YouTube videos have been seen by tens of thousands of fellow pilots, and his first book on Drones was translated into 4 languages. He's also worked as a book publisher and professional video producer (with a book on the subject to his name), and has written for numerous digital creativity magazines.
