**Paul Hollister : The Encyclopedia of Glass Paperweights** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Encyclopedia of Glass Paperweights:

0 of 0 people found the following review helpful. Five StarsBy TeresaExcellent customer service, Item as described.3 of 3 people found the following review helpful. Informal but most pages and pictures are black and white.By CustomerThis does give a lot of information to the shapes and sizes of Paperweights, especially the french factories which is what I bought it for, it was second hand but still in good condition with no pages torn or turned, the only downside being that the pictures were apart from a few pages all black and white which spoiled a colectors eye, I love the millefiori and finding most of them in B W isnt what I wanted but it shows the designs well and the profiles which can a god send to avoid those copies we find for sale, especially when they are \$250 upto \$3,000, recommended for information, but for color...there are others0 of 0 people found the following review helpful. Encyclopedia of Glass PaperweightsBy Becki MerrittThis isn't the book I thought it would be when I ordered it, but I keep it in my library for some reason.
