Alicia Grosso : The Everything Soapmaking Book: Learn How to Make Soap at Home with Recipes, Techniques, and Step-by-Step Instructions - Purchase the right equipment ... soaps, and Package and sell your creations before purchasing it in order to gage whether or not it would be worth my time, and all praised The Everything Soapmaking Book: Learn How to Make Soap at Home with Recipes, Techniques, and Step-by-Step Instructions - Purchase the right equipment ... soaps, and Package and sell your creations:

47 of 48 people found the following review helpful. What can I say. This book taught me how ...By Susan Woodward What can I say. This book taught me how to make soap. I still use the basic and luxury bar recipes that are

in it and have started my own business. People rant and rave about my soap. If you want to learn how to make soap, this book is a must have!!! Thank you to the author. She should get a crown or something.94 of 95 people found the following review helpful. Excellent book for beginners.By Rene duComynWas recommended to me as a great place to start out, so I bought the book and worked through it in merely a couple weeks and the advice provided was excellent. Moved on to all-natural, organic soapmaking to combine with the natural botanical personal care line we already have. Though most I already knew and I had an advantage with the existing skills and experiences, if I had tried to wing it on my own without this book, I likely would still be toiling away, making dopey mistakes instead of making beautiful all-natural cold-process soaps in only a couple weeks after starting out!2 of 2 people found the following review helpful. Yes, order!!!By rileyThis is definitely a GREAT book for a beginner like me! I was really happy to get all of the info that I did and will use this book for a long time!

Create beautiful, natural soaps without leaving home!Ever wonder what's really in your store-bought soap? Once you start making your own soap, you'll never have to wonder again!
