From Sterling Publishing : The Kaleidoscope Book: A Spectrum of Spectacular Scopes to Make before purchasing it in order to gage whether or not it would be worth my time, and all praised The Kaleidoscope Book: A Spectrum of Spectacular Scopes to Make:

0 of 0 people found the following review helpful. Want to learn how to make a kaleidoscope ? This is the one By Lionheart Glassworks This book has lots of great ideas if you are looking into making a kaleidoscope . It is full of pictures and highly useful .0 of 0 people found the following review helpful. The Kaleidoscope Book By Chuck Very well written and informative book. Glad I bought it.1 of 1 people found the following review helpful. Great book for curious kaleidoscope owners By Cat Mommy "Patti" Ever wonder how a kaleidoscope works? This will explain everything and tell the reader how they can be made. A beautiful book, and a great coffee table book too.

Contains ten designs that display a myriad of hues and patterns, yet are easy to make. Designs range from old-fashioned, hand-held cradles to gigantic, state-of-the-art scopes.

Create a fascinating kaleidoscope with one of these fine projects, or gain an insight into how kaleidoscopes work. There are 10 projects to choose from, plus a thorough discussion of how the different image results are made. -- Midwest Book
