W. A. Shenstone : The Methods Of Glass-Blowing And Of Working Silica In The Oxy-Gas Flame, For The Use Of Chemical And Physical Students before purchasing it in order to gage whether or not it would be worth my time, and all praised The Methods Of Glass-Blowing And Of Working Silica In The Oxy-Gas Flame, For The Use Of

Chemical And Physical Students:

0 of 2 people found the following review helpful. Not what I expectedBy AnonI was disappointed.

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
