**G. Burrard : The Modern Shotgun** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Modern Shotgun:

Given the subject matter, buyers tend to have higher incomes. This was the least expensive copy I could find and I was a little worried about the shape the books would be in. I was pleasantly surprised and would have rated the books as higher quality than the add listed. I would deal with the vendor again.0 of 0 people found the following review helpful.
