The only reason I gave it a 4 star not a 5 star--it was too short! I could read something like this all the time.0 of 0 people found the following review helpful. One of life's greatest mysteriesBy Ann CanterburyWhat a charming little book with a delightful ending! I encourage others to buy a copy!

The Needlepoint Clock Mystery is a light mystery set in Pen Mar Park in Western Maryland. The only clues to a lost treasure were stitched into the fabric of a needlepoint clock. While Sandy Prescott prepares the old house she recently inherited from her great-aunt into a Bed Breakfast, she discovers the clock - unaware of its secret meaning. Only after the suspicious architect, Alex, checks in does Sandy get caught up in events that began 60 years before. Now it's up to Sandy and her family to find the long-lost treasure.

"...set at a fictional bed-and-breakfast. The backdrop, though, is a real place - Pen Mar, an early 20th century amusement park." -- Clarion News "I enjoyed your wife's book. You better not let your mother read it (based on the mother-in-law in the story)." -- Scot Freeman, CFO, GTB Corp. "Unique. The clues needed to unravel the book's secrets are hidden in the design of the cross-stitch." -- Guy Fletcher, The Herald-Mail
