They show you example of comics they grade 10.0, then they point out a defect in that comic.....? How can it be a 10.0 with a defect? THIS BOOK IS TRASH. Why is overstreet recognized as the best grading source? Giving a comic with a

defect a flawless 10.0..... WRONG!!! Don't pay a cent and use the free sources online, they won't tell you to give a comic with a defect a 10.0. TRASH TRASH TRASH!0 of 0 people found the following review helpful. Great BookBy The CollectorThis is a excellent book to learn how to grade or even for grading yourself.
