Stanley Wiater : The Official Teenage Mutant Ninja Turtles Treasury before purchasing it in order to gage whether or not it would be worth my time, and all praised The Official Teenage Mutant Ninja Turtles Treasury:

2 of 2 people found the following review helpful. 1991. What an odd time to make this book. By Genesis Malakh
The Teenage Mutant Ninja Turtles were at the height of their popularity in 1991. Their merchandising, for all intents and purposes, had only just begun. Sure, the cartoon began airing in 1987, but most of the Turtles toys I had as a child were made around 1994, just before the Turtles phenomenon seemed to drift into a memory. This book is interesting, though you'd think that with all the bells and whistles of an official collector's guide, it'd feature colour photos. The TMNT came back with another strong, young fanbase in 2003, so I'd very much like to see a full collector's guide to everything mean and green over the past 27 years, including all comics and toys, even the most ridiculous ones from

the end of their original merchandising lines, as well as absolute works of art like the NECA figures from a few years ago. This is still a fun book to have as a part of one's collection, but by no means is it a suitable guide to even half of the stuff any Turtles collector could reasonably own. 0 of 0 people found the following review helpful. Meh By Jack Plumley It's just ok. It's not very long, and it's all in black and white except for the cover. So if you're expecting color photos, you'll be sadly disappointed. The "inside story" bits are interesting, although I wish there had been more of them. Also, I grew up with the Turtles, and I know for a fact that there are several items that aren't in the book that I remember owning. So it's not a definitive compilation of all the items that came out. For the price, I wish it was more comprehensive. If you're a diehard Turtles fan, this is a nice coffee table book to have laying around to browse through for memory's sake. For everyone else, you may want to think hard on buying this book. 0 of 0 people found the following review helpful. Five Stars By brandonperfect read

With over 600 licensed Teenage Mutant Ninja Turtles products available today, how is the aspiring collector to know what in this green sea of Turtleabilia is a true find? What are the whimsical items unique to the Turtles? How is a collector to discern the must haves from the merely interesting, or worse, the fakes? Easy. Use *The Official Teenage Mutant Ninja Turtle Treasury*, the ultimate collectors guide for all those afflicted with Turtle fever. Lavishly illustrated with photos of the many products included, Turtle creators Peter Laird and Kevin Eastman, together with input from their marketing experts, have compiled a true treasury of what they believe will be the most valuable and collectible items of all the Turtles merchandise being produced. They have added personal comments on their own favorite products, plus the story of how the Turtles and their world began. *The Official Teenage Mutant Ninja Turtle Treasury* has an in-depth section on the comic books that started the green tide, and tips on how to know when you have a possible gold mine such as one of the first comic books in mint condition. It all adds up to give fans the real inside story of the incredible phenomenon of Turtlemania. Many of the items included herein can be collected for fun, and many are potentially worth quite a bit but *The Official Teenage Mutant Ninja Turtle Treasury* puts them all in one place, to help both the Turtle lover and the serious collector alike.
