The essential reference guide for glass collectors and devotees of the fluorescent art glass known as Vaseline. Text and pictures of over 675 different pieces of Vaseline glass, showing over 60 patterns, are accompanied by a discussion of the history of this unique style and how to know it from look-a-like pretenders. Ms. Davis brings together information previously found only by hunting through a score of general books on art glass. Her information is expert, concise, informative, and clear. The photos are in color and they are beautiful!, 460 color photos, 8 1/2" x 11", Price Guide/Index
