Ann Hazelwood : The Potting Shed Quilt (Colebridge Community) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Potting Shed Quilt (Colebridge Community):

2 of 2 people found the following review helpful. Storyline good, editing terrible for the following 3 reasonsBy Alexandria Loves Books Storyline good, editing terrible for the following 3 reasons: 1) I absolutely love the idea of this series. Each story has been fun, heartwarming, and just what I need to unwind and escape after a day of stark reality.

These books are the true definition of "cozy." With the often bleak examples of life in the world (many of which we live through daily), it's nice to read about the way life "coulda, woulda, shoulda..." be in Anywhere Town, Planet Earth. Who knows, maybe some of us do live in this kind of parallel universe where it's a requirement to quilt every Sunday, while eating calorie-laden, homemade sweets and drinking wine by the bottle with your favorite relatives and BFFs. NO ONE puts on weight or gets drunk. Even heavy-duty subjects like the death of loved ones, aging, and sex are handled with a light touch. Truly, these characters have little to worry about in their idyllic lives. I'll give the first and this book a 3-star rating for the above reasons alone.2) The main focus of the stories is QUILTING! I don't think I need to say anymore on that subject, except that we need more quilting series. No, I'm serious. More quilting and stories about quilting, more peace, less time for nonsense.3) It's unfortunate, but must be said, that this last point drops the rating of this book considerably. Both the editing and the overall writing leave "a lot" to be desired. I find myself rewriting many passages as I read, which distracts from plot points. There also are a few storyline continuity discrepancies that a good editor would catch. At the steep Kindle price per book? Well, shame, shame, shame! I've downloaded many free Kindle reads that are better written than these \$10-12 books. I'm still not certain I'll risk buying another, unless I really need to escape.**This problem with editing and typos, however, seems to be an Kindle book problem in general. I'm just trying to give the author and editor a break here!**In summary, I'll probably read the next book about the Colebridge quilting circle in a month or so, or more, when I can justify the price. Still, I sure hope they tidy up the writing a bit down the road. Oops, life is calling. Gotta run!0 of 0 people found the following review helpful. Five StarsBy DorisReally enjoyed reading Ann Hazelwoods books.....a little mystery, a little love and a lot of quilting....yeah!0 of 0 people found the following review helpful. Good bookBy ElaineI received this book in a timely manner. It is just what I wanted.

The second saga of Anne Brown and the Colebridge Community! In *The Basement Quilt*, the debut novel by Ann Hazelwood, you got to know the family and friends of Anne Brown, a plucky florist whose daily ups and downs are as familiar as your own. In this follow-up book, Anne and her fiance, Sam, start house-hunting, or is that haunting? Once again, a quilt holds keys and clues to important family secrets, but whose family is it this time? And why would anyone hide a quilt in a potting shed? Life continues apace for Anne's family and friends, too. Share in their joys and sorrows as Colebridge goes about every community's business. *The Potting Shed Quilt* is not just the title of this sequel-the quilt itself is a character. You'll want to meet other quilt 'characters' throughout the series.

About the Author Ann Hazelwood is a former shop owner and native of St. Charles, Missouri. She's always adored quilting and is a certified quilt appraiser. She's the author of two fiction series, *East Perry County* and *Colebridge Community Series*. She considers writing to be one of her greatest passions.
